Ben,

I just spoke to our finance person in our REOC and she confirmed the discussion about centralized managed funds. We can discuss further on our call this afternoon. I forwarded the invite to our financial person in the REOC.

Ralph Ferguson

Supervisory Accountant

Office of the Regional Comptroller – Accounting Services Section
US Environmental Protection Agency - Region 6

Hadn't heard about the supplemental apropos, thanks.

Getting some info from Durango that r8 may be managing funds for all as area command. But all would use own ssid. This was requested by the r6 and r9 oses in conjunction with area commander. Anyone else hear that? Running that down.

Waiting on some final r9 figures before sending our request to oswer.

Let's plan on talking at 1:30 on these topics. John I will forward you our invite.

What I'm about to say is just a Region 7 discussion, and has not been officially communicated/verified.

Just wanted to let you know that I had heard in our morning briefing that having one SSID for this response may be an issue under CERCLA. They mentioned something about the site codes have always had to stop at regional boundaries for Superfund cleanups, and feel that this probably will be no different given it's a Superfund response (versus a Stafford Act response). Also, I heard there may be the possibility of a supplemental appropriation for the response.
